

Every trip requires fuel and the journey that God has for us is no different!

The fuel that we need to carry out what God has for us is the Holy Spirit.

Fuel for the Trip

Acts 1:4-8, Acts 2:1-4

Without the right type, or the right amount of fuel, you can't go where you need to.

Jesus told His disciples that before they went, they needed to be filled.

Fuel can be expensive, but it is essential!

For what lies ahead, we need to be filled with the Spirit.
