

The most important invitation that you can give to someone is for them to come to God's table.

Come to the Table

Luke 14:16-24

At the Table:
We're family
We learn more about one another
We hear stories

The parable of the great feast

A feast was given where people knew the day, but not the hour.

Many initially accepted the invitation but refused to come.

When they refused, the master commanded the servant to go out that his house might be filled.

There's always room at God's table
There are no kid tables at God's house
There is always an invitation to come
