

Not everything that goes into the ground is actually dead.

Wake Up!

Luke 8:40-56

Sometimes the things that we think are dead are actually just sleeping.

Jairus' daughter represented the hope that he had for her future.

She was sick and the only one who could heal her was Jesus.

Sometimes delays in our requests happen so that God can do miracles in other people's lives.

"Do not fear, only believe, and she will be well"
-Jesus
